Children Cry For Fletcher's CASTORIA

Special Care of Baby.

That Baby should have a bed of its own all are agreed. Yet it is more reasonable for an infant to sleep with grown-ups than to use a man's medicine in an attempt to regulate the delicate organism of that same infant. Either practice is to be abandoned. Neither would be tolerated by specialists in children's diseases.

Your Physician will tell you that Baby's medicine must be prepared with even greater care than Baby's food.

A Baby's stomach when in good health is too often disarranged by improper food. Could you for a moment, then, think of giving to your *ailing* child anything but a medicine especially prepared for infants and children? Don't be deceived.

At a mental note of this: It is important, Mothers, that you should remember that to function well, the digestive organs of your Baby must receive special care. No Baby is so abnormal that the desired results may be had from the use of medicines primarily prepared for grown-ups.

MOTHERS SHOULD READ THE BOOKLET THAT IS AROUND EVERY BOTTLE OF FLETCHER'S CASTORIA

WORLD HAPPENINGS BRIEFLY TOLD

Fresh apples are now being shipped from the North Pacific ports direct to Europe by way of the Panama Canal.

At a meeting of directors of the Canadian Pacific Railway, W. N. Tilley, K.C., Toronto, was elected to fill the vacancy on the board caused by the death of Sir John Eaton.

The bill amending the Vancouver Harbor Commissioners Act went through the committee stage in the House June 12. Hon. Ernest LaPointe said the purpose of the bill was to bring Vancouver into line with all the other ports of Canada.

An English syndicate headed by the Duke of Argyll has bought the Button Willow Ranch, comprising 150,000 acres in San Joaquin Valley, Cal., for a consideration of twelve million dollars, according to advices published by the Los Angeles Times.

Captain A. W. Stevens, serial photographer, at McCook Field, Dayton, Ohio, broke the world's parachute jumping record when he descended 22,426 feet. He landed at Jamestown, approximately 25 miles from where he left the plane. The descent took thirty minutes.

Third reading was given in the House to a bill to amend the Canada Shipping Act, so as to add to the list of vessels exempt from pilotage dues. Under the bill the government is authorized to exempt from pilotage dues ships of war and hospital ships belonging to specified nations. The idea is to grant the privilege to such nations as grant it to British warships.

Woman's Way

She—I don't believe it.
He—But I have proved it to you.
She—Of course. But I don't have to believe it if I don't want to!

HEALTHY CHILDREN ALWAYS SLEEP WELL

The healthy child sleeps well and during its waking hours is never cross but always happy and laughing. It is only the sickly child that is cross and peevish. Mothers! If your children do not sleep well, if they are cross and cry a great deal, give them Baby's Own Tablets and they will soon be well and happy again. The Tablets are a mild but thorough laxative which regulate the bowels, sweeten the stomach, banish constipation, colic and indigestion and promote healthy sleep. They are absolutely guaranteed free from opiates and may be given to the newborn babe with perfect safety. They are sold by medicine dealers, by mail at 25 cents a box from The Dr. Williams Medicine Co., Brockville, Ont.

Learned Professor (in his lecture on fate): "And then, gentlemen, do not forget, if we had no water we could never learn to swim—and how many people would be drowned!"

Many people are almost crippled with corns. But it is needless suffering which can be speedily cured with Holloway's Corn Remover.

Good Roads for Quebec

Quebec will spend \$7,000,000 on roads in the province this year, according to the Provincial Minister of Roads. This sum is the largest for any spent in years. Two hundred and one miles of road will be built at a cost of \$1,450,000, whilst \$3,450,000 will be spent in lengthening the main communication roads.

Super U-Boat Designed

German Inventor Has Submitted Plans to United States

A 7,600-ton armored submarine cruiser, with an action radius of 23,000 miles, is the battleship of the future, according to its designer, Professor Oswald Flamm, who constructed the commercial submarine, the *Deutschland*. He has submitted plans of his invention to the United States, Britain and Japan, as Germany is forbidden to build new war craft for decades to come.

The projected super-submarine can make four round trips between the North Sea and the United States without touching any port. It carries two 8-inch and four 3½ inch guns, with 5,000 rounds of ammunition and eight torpedo tubes, with forty torpedoes. In explaining its plans, Professor Flamm declared that, in case of a war with the United States, Japan, with several of these submarines, could cut off the Pacific from the Atlantic fleet by destroying the entrance to the Panama Canal.

"I would rather," said, "sell my invention to the United States than to any other country, but so far Japan and Britain have been pressing me hard to turn over the complete plans, while the United States has shown only mild interest."

Why Germany Hates France

Because French People Insist on Reparation Says Poincaré

"Surely we desire the resumption of normal relations with Germany," says M. Poincaré, "but we cannot ignore the ferment of hatred which is brewing against France in Germany."

No victor to Germany could possibly ignore it, and it is well that the fact is plainly realized in Paris. This hatred developed after the armistice. Before that German war hatred was centred on England, and to a lesser degree on America. But as time has gone on, these hatreds have virtually disappeared. On the other hand, toward France there was no American observers report, no hatred at the time of the armistice.

Why has this reversal taken place? Fundamentally, no doubt, because Great Britain and America seem less interest in enforcing the reparation clauses, while France adhered firmly to the treaty. Partly, no doubt, because Germany, in her humiliation, had to have a scapegoat—New York World.

A Great Gold Hoard

The greatest amount of gold ever assembled in one place lies in a Government building in New York. Its value is fifteen hundred million dollars, and it is said to represent one-eighth of all the gold that has been produced since the beginning of civilization.

In Japan books are bound with the edges in; the readers begin at the back and go forward, and they read vertically instead of horizontally.

The man who boasts of being a cynic is usually more foolish than a dandy.

Minard's Liniment used by Physicians

W. N. 1425

A Suit That Is New.

The ever popular box coat is distinguished this season by the flaring or bell sleeves—as in this attractive suit made of midnight blue twill and trimmed with diamonds of mauve ribbon attached with steel beads. An hat of imported milan completes a costume that is due to cheer the heart of the most fussy little lady.

You May Be Ill To-night— Have You a Remedy?

It may be a disordered stomach, perhaps cramps or acute indigestion. If you have no remedy handy, you are bound to suffer. Twenty drops of Nervine in sweetened water will ease the pain and enable you to get a good night's sleep. Whether it is Neuralgia, Sick Headache, or some other minor ache or pain, Nervine will be found internally or externally and will be a true friend for every family. Large 25c bottles sold everywhere.

Shifting the Blame

"Your advertisement describes it as all wool. It is nearly all cotton." Yes, that's the worst of the newspapers. You can hardly believe a word they say."

Nervous Breakdown COULDN'T SLEEP NIGHTS

To those on the verge of a nervous breakdown the following symptoms present themselves: nervous headaches, a feeling of depression, fitful, disturbed, restless and unrefreshing sleep, often troubled with frightful dreams, avoidance of crowded places, dread of being alone, horror of society.

When the nerve become affected in this or the least generally becomes affected too, and on the first signs of the weakness of the heart or nerves, taking energy or physical breakdown is not wait until your case becomes hopeless, but get a remedy that will once quieten the nerve, strengthen the heart and build up the entire system.

THIS YOU WILL FIND IN MILBURN'S HEART AND NERVE PILLS

Mrs. M. Damand, Young's Cove Road, N.B., writes: "I was bothered very much with my heart and nerves; had nervous headaches and dizziness, could not sleep at nights, and my appetite was all gone. I was on a nervous breakdown when a neighbor told me to try Milburn's Heart and Nerve Pills. This I did, and before I had the second box used I was better and would advise anyone who has nerve trouble to take them."

Price 50c a box at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

If the whole earth was reduced to level tableland its height would be 320 feet above sea level.

BEAUTY OF THE SKIN

Is the natural desire of every woman. It is the foundation of her beauty. Dr. Chase's Ointment, Pimples, blackheads, freckles, and all other skin troubles. It is the best skin treatment ever discovered, and it is the only one that is safe and effective. It is the only one that is safe and effective. It is the only one that is safe and effective.

Lightning Harmless to Airplane

Air Pilot Escapes Injury When He Meets Current at 100 Miles an Hour

Captain R. D. Herne, a cross-country pilot, has had the extraordinary experience of striking the path of a flash of lightning while in flight at a speed of 100 miles an hour.

While passing along the airway to Paris he observed heavy thunderclouds above the channel. He was skirting the lower clouds when he suddenly saw two or three vivid flashes of lightning near the machine. The aeroplane seemed to shudder and hesitate, then, recovering itself rapidly, continued smoothly in flight.

Captain Herne called up the nearest land station by wireless telephone and asked whether they thought the trailing wire of his apparatus might be connected with this phenomenon. They advised him to wait it in temporarily, which he promptly did.

It has often been a matter of speculation what would happen should an aeroplane in flight come in the path of a flash of lightning. Some experts declared—and Captain Herne's adventure offers the first confirmation of their argument—that the lightning would flow around the machine and down its wireless aerial and continue earthward without damaging the craft.

Way to Reduce Armaments

The way to reduce armaments in Europe is to reduce the suspicious and fears that cause armies to be maintained. But that cannot be done until the light of common sense breaks in Russia; until the numerous boundary questions that blur the map of Europe are out of the way; until Italy, France and Great Britain are satisfied with the state of affairs in the Near East, and until France is convinced that Germany will carry out all of the terms of the treaty of Versailles—Detroit Free Press.

O. McPherson, Furniture Dealer, Undertaker, Armistice, U.S.A.

Minard's Liniment Co., Ltd., Vancouver, B.C.

Dear Sirs—Since the start of baseball season we have been blinded with our eyes by the glare of the sun. Just as soon as we started using Minard's Liniment, our eyes were cleared and we could see a ball of our own team.

W. E. McPherson, Secretary, Vancouver High School, Island, Vanc.

Educating Soldiers' Children

Children of Ex-Servicemen in Saskatchewan Receiving Education Through Financial Assistance

A total of 2,497 children of ex-servicemen in Saskatchewan out of a possible 3,772 are receiving their education through financial assistance provided by the province. An act was passed in May, 1920, designed to enable children of deceased or disabled soldiers who, but for its provisions might be compelled to relinquish their school career, to pursue their studies in the higher educational establishments. So successful has this work proved that two other provinces of the Dominion are now contemplating an act similar to that of Saskatchewan.

No such city as Troy, or people as Trojans, were known in historic times.

The world's consumption of sugar is estimated at between 14,000,000 and 15,000,000 tons a year.

Hall's Catarrh Medicine

Those who are in a "down" condition will realize that Catarrh bothers them much more than when they are in good health. This fact proves that when Catarrh is a down disease, it is down. HALL'S CATARRH MEDICINE is a "down" cure and acts through the blood upon the mucous surfaces of the body, thus reducing the inflammation and restoring Nature's normal condition. Catarrh Medicine. Catarrh Medicine. Catarrh Medicine.

18,222 French Prisoners Died

A total of 18,222 French war prisoners died in Germany during the war. It was announced officially by War Minister Magdon.

DAUGHTER WAS WEAK AND NERVOUS

Mother Gave Her Lydia E. Pinkham's Vegetable Compound with Happy Results

Cobourg, Ontario.—"Lydia E. Pinkham's Vegetable Compound was recommended to me for my daughter."

She has trouble every month which left her in a weak and nervous condition. She had trouble in her right side for three years and frequently was unable to attend to her work."

She became regular and feels much better since she began taking the Vegetable Compound, and attends school regularly—Mrs. John T. Jones, Ball, St. Catharines, Ontario.

Every mother who has a daughter suffering from such trouble should give Lydia E. Pinkham's Vegetable Compound a trial. It is prepared from roots and herbs, and can be taken in safety by young or old. It has been used nearly 25 years, and many, many women owe their good health today to the timely use of Lydia E. Pinkham's Vegetable Compound.

OF LOCAL INTEREST
Readers are requested to send in items for this column not later than 12 o'clock Monday noon preceding day of publication. All local news items are welcomed by the Standard. Phone 17 or 68.

A meeting of Council of the Association of Professional Engineers of Alberta was held in the board of trade rooms, Calgary, on July 28th. Mr. T. Schulte, of the local C. P. R. Headquarters, attended.

Mrs. Phil Metzger has returned from Colorado to spend the summer at Nanaka.

Mr. and Mrs. W. M. Marshall and family left on Saturday on a two weeks visit to Mrs. Marshall's father, Mr. Caspell, Cayley, Alberta.

Mr. O. G. Craig, of Chadfield, is able to be around again, after a long spell of sickness. He underwent an operation at the Holy Cross Hospital, Calgary, about two months ago, and is now much improved in health.

Farmers in Chadfield district are making application to the Alberta Government Telephone Department to be connected up with the Strathmore exchange. At present those who are connected up with Chadfield have only the day service, which is only good till 3 P.M.

Among the visiting Oddfellows on Wednesday evening were Harold Nock, of Medicine Hat and H. Delber, of Bassano. Both were formerly residents in Strathmore, the former with the Union Bank, and the latter as freight clerk in the depot in 1911-12. Mr. Delber is now station agent at Bassano.

A large number of prizes were carried off by the Holstein herd of the C. P. R. Demonstration Farm at Calgary Exhibition. A number of the animals are now at Edmonton Exhibition, where they also occupied many prizes.

Local strawberries are now in full bearing. We had the pleasure last week of receiving a fine basket from the garden of Mr. R. S. Stockton.

Mr. Roy Giesler left on Saturday for the U. S. A. His plans for return are not yet made, but Roy is still remaining with us.

Dr. Hopkins, V. S., has been appointed Dominion Veterinary Inspector at the abattoirs at Calgary.

Mrs. E. Dobson left on Friday on visit to her parents' home at Owen Sound, Ontario.

As will be seen from our advertising columns, Mr. R. Fox commences a big sale today. Mr. Dennison, Calgary, is assisting with the conduct of the sale.

Mr. W. E. Brown received a load of new Fords last week.

At a meeting of the managing board of the Union Sunday School on Thursday evening last, the resignation of Mr. Dobson as superintendent was accepted and it was decided to ask Mr. W. G. Way to take up the work. After due consideration, Mr. Way agreed to this unanimous request, and will assume office next Sunday. Mr. Dobson retired because of the pressure of other responsible duties. Under his leadership growth has been taking place which it is hoped will continue under the new and capable leadership of Mr. Way.

U. F. A. Meeting

A U. F. A. meeting was held in the King Edward Hotel on Saturday, July 28th. Mr. H. W. Watson, president, and a good attendance being present. The new "dairy regulation" was thoroughly discussed. Dr. H. H. C. P. R. secretary, surgeon assisted by Dr. White was sent down by the Company to explain the new dairy regulation to the meeting. The members present received a great deal of information regarding the new dairy regulations by asking questions. Messrs. A. J. Weyers and H. W. Watson were appointed to interview Mr. G. H. Hutton and ask him if the C. P. R. would ship in a carload of lumber and sell it to the farmers at wholesale prices, and thus help them to build their cow barns according to the new regulations at a moderate cost.

A committee was appointed to take charge of the picnic and sports which are to be held at the Bow river bridge on Wednesday, July 29th, comprising: Mr. H. W. Watson, S. E. Koewak, A. J. Weyers, William Riddon, W. A. Frohberger and T. O. Wilkinson.

To Standardize Coal

A decision to adopt some system of standardization of Alberta coal, in order to facilitate marketing, was reached at a conference of coal operators of the province with Premier Greenfield and officials of the government, which was held at the government buildings Tuesday.

The conference was called by Premier Greenfield to discuss standardization and marketing. The Premier told the operators he was prepared to do anything he could to improve the marketing conditions of Alberta coal, but there were several problems to be solved, and standardization was one of them. A committee of 12 will be appointed to deal with the question of standardization, which will include three men each from the Edmonton, Drumheller and Lethbridge fields, and three from the other fields of the province. It is expected that the committee will be ready to report in about two weeks' time. Other problems of marketing will be discussed.

For some time the government has had a campaign in progress in Manitoba to increase the marketing of Alberta coal there, and has met with some success. Geo. Pratt, government fuel engineer in charge of the demonstration at Winnipeg, gave the conference Tuesday one of his illustrated lectures demonstrating the proper methods of firing Alberta coal. Premier Greenfield pointed out that Alberta must develop along two lines, namely, agriculture and the coal industry, and attention must be given to the marketing problems.

FREIGHT RATES

In addition to the reductions in freight rates on grain decided upon by the House of Commons, the railway commission has issued an order providing for a decrease of 7.12 per cent. on basic commodities to come into effect August 1st, according to advice from Ottawa. This decrease will apply to forest products, bulk, one material, brick, cement, lime, plaster, potatoes, ores, pig iron, scrap iron. This order also applies to coal rates in Alberta, amounting to about 20 cents a ton, on coal shipments from Alberta fields.

Irricana Notes

Mr. Wilton, formerly the bank manager at Irricana, was a visitor to the village this week. He is shipping his furniture to Pincher Creek where he has been transferred.

The community picnic last Saturday was quite a success. The afternoon was occupied with races, swimming, jumping, tug-of-war and other sports. Toward evening a baseball game, farmers vs. villagers, was played. The farmers proved to be the winners. In selling ice cream and soft drinks the U. F. W. A. made good.

Miss Kernick has returned from Three Hills to spend her holidays here.

Mr. Edwin Wright has returned to his home in Calgary.

Born to Mr. and Mrs. Drake, on Saturday morning, July 28th, at the home of Mrs. Hasselgrave, a daughter.

Miss Stella Ewing has returned to her home in this vicinity for her holidays.

Rev. Mr. Drubaker was a visitor to several of the homes in the community this week. The evangelistic series which he has been carrying on for the past two weeks will terminate Sunday evening.

Showerers have been general about here this week.

WHERE TO GO?

When you've been playing Tennis,
And you're feeling hot and dry,
Why—just step down to Haarseth's.
No need to question why!
When Golf has made you tired
And you cannot play your best,
You should drop into Haarseth's.
Until you've had a rest.
The football fans, the baseball boys,
All sportmen enjoy the same.
"Oh, let's go down to Haarseth's
At the finish of the game."

When you come to Strathmore or any time you are down town.

Ice-Cream, Candies, Fruits, Cigars, Tobacco, Etc.

Following a conference between Premier Greenfield, H. Stubbins, Trades Commissioner, John T. Stull, Ins. Chief Inspector of Mines, and George Pratt, Government Engineer,

on the question of marketing of Alberta coal, a further conference will be held this week with some of the coal operators of the Province. The entire situation will be discussed thoroughly.

ARDENODE NOTES

The U. P. A. and the U. P. W. A. Ardenode Locals will hold their annual picnic at the ranch of Mr. A. P. Bush, Service Creek, July 10th, 11 a.m. Thursday being your wives and wives bring your lunch baskets.

Mr. J. Haarseth has promised to erect a stand for live cream, soft drink and fruit.

Those who absented themselves from the U. P. W. A. meeting last Tuesday at the home of Mrs. J. A. McKenzie, unless a letter, educationally, as well as a delicious treat to eat served by the hostess.

One of the main resolutions discussed at the last U. P. W. A. convention was a resolution dealing with the knowledge of parents as to how many children should be brought into one home in order that proper education and care be given them, will be dealt with and explained by Mrs. J. A. McKenzie at our next meeting at the home of Mrs. E. E. Thompson, July 18th, at 2:30 p.m. A copy of this resolution has been sent to each local and in one that about interest house.

Mother, make it a point to come, also remember the fashion tag.

BAINTREE NOTES

Mr. C. E. Donnelly, of Calgary, was out to his farm near Baintree.

Mr. B. O. Wyman attended the ball game at Rosedale.

Mr. O. H. Olson attended the Calgary exhibition.

Mr. J. J. Blake was a Baintree visit, one from Rosedale.

Mr. A. F. Kettle and family have sold their property near Baintree to take up a farm near Strathmore.

Rev. J. Gaudin, of Tabor, conducted service at Baintree church house.

Mrs. V. C. Chapman entertained the U. P. A. and U. P. W. A. on the 10th of July. A very enjoyable time was spent.

The U. P. A. and U. P. W. A. Sports were held at the farm of Mr. and Mrs. James Kettle on July 8th.

Mr. and Mrs. Henderson spent a few days in Calgary, taking in the exhibition.

Franklin Peterson, Dominion news editor of The Times, London, England, was a visitor to the government buildings during the past week and had a conference with Premier Greenfield and other government officials.

Mr. Peterson was particularly interested in gathering data concerning the question of the British embargo on Canadian cattle.

One of the motion pictures for instructional purposes will become a feature in the near future in the department of agriculture. Already films are under way which will give instruction in the livestock and dairy industry. Another picture will deal with the production of pure seed, and still another with the eradication of weeds and soil drifting.

A general Alberta picture, depicting all phases of life in the province, depicting particularly in agriculture is also in preparation for publicity purposes.
